About Us

01

E-Cure Sdn Bhd is a boutique advisory firm specialising in high-impact consulting at the intersection of business, regulation, and enforcement. We exist to solve complex problems—quietly, professionally, and with absolute integrity. Our expertise lies in connecting the dots between the public and private sectors, helping clients navigate enforcement trends, regulatory pitfalls, and business risks with foresight and clarity.

Our consultants are drawn from Malaysia's most respected enforcement, compliance, and regulatory institutions. From corporate governance and insolvency to customs, trade, and security, we bring firsthand knowledge of how government works—and how businesses can work smarter within that system. We don't just offer advice; we offer insight grounded in lived experience and delivered with the precision our clients demand.

At our core, E-Cure is built on three business pillars: do no harm, create high value for our clients, and leverage that value to generate sustainable growth. Whether you're seeking strategic counsel, investigative clarity, or risk advisory services, we operate with the same standard: professional integrity, legal soundness, and a relentless focus on outcomes that matter.

Why Us?

02

At E-Cure, we offer something no template or generic firm can replicate—**access to people who've been on the inside**. Our panel of experts consists of former senior regulators, enforcers, and policymakers who have spent decades shaping and executing the very systems your business must now navigate. They understand not just the law, but the spirit, intent, and operational realities behind it. This is not consultancy in theory—it's advisory grounded in practical, firsthand knowledge.

We serve as your discreet strategic partner, providing curated insights, confidential consultations, and professional briefings that help you act with clarity and compliance. We don't promise shortcuts. We deliver understanding, direction, and the confidence to engage with regulators, resolve issues, and grow your business—legally, ethically, and intelligently.

Current Areas of Consultation

03

- **Corporate Compliance** | Matters involving the Companies Commission of Malaysia (SSM) – incorporation, governance, disclosures
- **Insolvency & Bankruptcy** | tapping into the minds of some of the most experienced insolvency officers the department has produced—now retired and eager to help businesses navigate compliance, restructuring, and discharge with clarity and confidence from the Department of Insolvency (Mdl)

- **Domestic Trade, Franchising & IP Protection** | Issues related to KPDM enforcement: franchising, direct selling, consumer protection, price control, IPR enforcement
- **Trade & Customs** | Navigating import/export regulations, licensing, and customs disputes – insights from ex-MITI and RMCD experts
- **Local Council Engagements** | Especially DBKL and all city councils in Selangor, Penang and Johor Bahru – licensing, enforcement actions, and operating in compliance with local by-laws
- **Law Enforcement & Internal Security** | Leveraging former PDRM and KDN officers to advise on enforcement exposure, preventive laws, and investigation readiness
- **Anti-Corruption Advisory** | Guidance on MACC compliance, internal reporting frameworks, and engagement strategies to manage reputational risk and integrity governance
- **State Government Affairs** | Land policy, development approvals, and state-level stakeholder negotiations – with insights from ex-state administrators and land officers
- **State Government Affairs** | Land policy, development approvals, and state-level stakeholder negotiations – with insights from ex-state administrators and land officers
- **Environmental & Occupational Safety Compliance** | Covering DOE and DOSH-related matters – including EIA requirements, hazardous waste controls, and workplace safety audits
